

Dear Olivier,

I'm happy to inform you that on September 22nd I was certified by the Institute of Management Consultants of the United States and received a title – CMC (Certified Management Consultant).

It was a long and challenging process. I went through several stages – from submitting of thorough application, taking online examinations on consultant's ethics and core consultancy skills, and finally giving an interview in front of the panel, consisted of three experienced and senior consultants.

The final stage took part during the annual conference of ICMCI (International Council of Management Consulting Institutes) in Jordan . "CMC" certificate and pin were awarded in front of the representatives of the world community of management consultants, who came from The North America, Europe, Africa, Asia and Australia .

All of these, I have achieved mainly with your provided big and valuable support! I'm truly thankful to you for all what have you done for me, for finding time and filling out online recommendation form, for providing reference, and mainly, for your will to support young consultants in newly emerged, developing countries as Kyrgyzstan. You know, for me it was very important, and I'm proud to get to know you, consider you as my reliable, respected mentor!

Now, I'll do all my best to ensure, prove further the credit which I got from you and the international community of management consultants!

Please accept my deep and sincere appreciation!

With warm regards,
Artur

P.S. I have attached some photos – awarding ceremony and CMC certificate itself.
